**Procedures and Responsibilities.**

1. **Recipient Guidelines.**
   
a. **Eligibility.**
   
i. Donated Sick Leave is to be used for a serious health condition of a prolonged nature for the employee and immediate family members. This may include intermittent absences related to the same illness or injury. The recipient must produce medical evidence that meets these requirements.
   
   ii. The recipient must be an eligible employee.
   
   iii. The recipient must have already exhausted all sick leave accruals, including any leave the individual may be eligible to withdraw from the Sick Leave Pool.
   
   iv. If eligibility requirements for FMLA leave are met, the recipient will be placed on protected FMLA leave. The recipient may qualify for a sick leave donation even if he or she is not eligible for an FMLA leave, however it would be an unprotected leave.
   
   v. Employees eligible for Workers’ Compensation Insurance (WCI) benefits are not eligible to use sick donation benefits and will not be processed if the employee has an open Workers’ Compensation claim related to the illness or injury supporting the sick leave donation request, including any appeal to a denial of WCI benefits.
   
b. **Limitations.**
   
i. The recipient may not provide or receive remuneration or a gift in exchange for a sick leave donation under this program.
   
   ii. An employee may not intimidate, threaten, coerce, or attempt to intimidate, threaten, or coerce, any other employee for the purpose of soliciting donations of sick leave under this program. Such action shall be grounds for disciplinary action up to and including termination.
   
   iii. Donated Sick Leave balances will not transfer to an employee of another state agency, are not eligible for restoration upon re-employment after a separation of employment, and are not eligible for payment to an estate upon death. The recipient may not receive service credit in the Employees Retirement System of Texas or Teacher Retirement System of Texas for any Donated Sick Leave to the employee under this policy that is unused.

2. **Donor Guidelines.**
   
a. Eligibility.
i. The donor must be an eligible employee.

ii. The donor is encouraged to maintain sufficient leave balances at the time of donation. Donors may not borrow against future sick leave accruals in order to donate sick leave.

b. Limitations.

i. The donor may not have been nor personally intimidate, threaten, coerce, or attempt to intimidate, threaten, or coerce, any other employee for the purpose of soliciting donations of sick leave under this program. Such action shall be grounds for disciplinary action up to and including termination.

ii. The donation of sick leave is irrevocable and will not be returned to the donor in cases where the recipient does not use all donation sick leave.
