Procedures and Responsibilities.

On December 16, 1988, the Board of Regents adopted the Uniform Building Code as the standard for new construction and major renovation on the campus. The specific language of the Board of Regents action is as follows:

1. The Board of Regents adopts the latest edition of the International Building Code (IBC) for all new construction and major renovations and that the current edition of the NFPA 101 Life Safety Code be used in a secondary role as a guide to interpretation of the IBC.

2. The Board of Regents authorizes the University of North Texas, through the position of University Architect, to act as the "Building Official" as defined by the IBC.

Responsible Party: University Architect
